Projects

Enterprise Contact Management System

Tech Stack: Java, Spring Boot, Hibernate, MySQL, REST APIs, Spring Security

- Built a full-stack system simulating real production support workflows
- Implemented login with Google OAuth, GitHub OAuth, JWT, and role-based access control
- Developed REST APIs, CRUD operations, ticketing module, logging, and error simulation
- Handled user feedback, incident queue simulation, and secure registration flows
- Used GitHub for version control and issue tracking

Personal Portfolio Website: Aditi Naik Portfolio

- Designed and deployed a responsive personal portfolio for recruiters.
- Included “Download Resume” and contact form feature for direct hiring communication.
- Applied SEO best practices to improve search visibility and recruiter reach.

- Implemented mobile-first design ensuring compatibility across devices and browsers.
- Deployed the portfolio on a live hosting platform (GitHub Pages) for public access.

Student Management Console

Tech Stack: Spring Boot, Hibernate, MySQL

- Developed a CRUD-based Admin Panel with database integration.
- Implemented data validation, exception handling, and API endpoints for seamless operations.
- Designed normalized database schema in MySQL for efficient data storage and retrieval.
- Used Spring Data JPA for simplified database interactions and query handling.

Education

- **Master Of Computer Application (MCA).** **Marks: 76.78 %**
  IBMRD College, Ahmednagar, (SPPU). **Pass. Year** (2022-24)

- **Bachelor's in computer application (BCA)** **Marks: 73.33%**
  Women's College, Kopargaon (SPPU) **Pass. Year** (2018-21)
