PROFESSIONAL SUMMARY

Detail-oriented Analyst with 3+ years of experience in AWS, Linux, Oracle Database Management Systems, PMS/POS Based application and APIs. Seeking a role to apply technical expertise and contribute to the optimization and reliability of system operations.

PROFESSIONAL EXPERIENCE

Analyst

HCL Technologies | August 2022 – Present

- **Unix & Linux System Management:** Managed and maintained Unix, Linux-based environments, optimizing scripts and commands for better system performance and troubleshooting.
- **Reporting and Dashboard Creation:** Leveraged ServiceNow to design and generate real-time reports and interactive dashboards, enabling effective tracking of ticket metrics, SLA compliance, and team performance.
- **Code Analysis, Troubleshooting and Debugging:** Analyzed and debugged over 150 SQL code modules and Unix scripts, which help to achieve a 30% reduction in average resolution time.
- **SQL Script Analysis:** Develop and execute over 150 SQL scripts to address and resolve production issues, resulting in a 25% reduction in turnaround time for customer issues.
- **Scripting & Automation:** Developed and executed Shell scripts to automate workflows, streamline data processing, and enhance system efficiency.
- **Cross-Team Communication:** Collaborated with Middleware and L3 support teams to escalate complex issues and perform root cause analysis, ensuring seamless information flow, effective troubleshooting and improve system stability for smooth client operations.
- **Log Analysis:** Utilized AWS Cloud services to analyze logs, troubleshoot issues, and identify errors in the application.
- **Application Support:** Provided L2 support for PMS (Property Management System) and POS (Point of Sale) applications, ensuring timely resolution of issues, smooth functionality, and minimal downtime for end-users.
- **Incident Management and Performance Optimization:** Resolved high-priority tickets within designated SLAs, improving system uptime and customer satisfaction, contributing to a 20% increase in organizational revenue.
- **API Monitoring & Support:** Provided technical assistance for Restful API integrations, ensuring smooth data exchange between PMS and POS apps.
- **Windows Server Expertise**: Profound knowledge of configuring and maintaining Windows Server systems and Internet Information Services (IIS).

EDUCATION

Master of Computer Applications (MCA)

Meerut Institute of Engineering and Technology | 2022

Bachelor of Computer Science (BSC)

DAV College | 2019

TECHNICAL SKILLS

Operating Systems: Windows, Linux**,** Unix.

Programming Languages: SQL, Shell Scripting, C++.

Business Intelligence & Analytics: Data Visualization (using ServiceNow Dashboards & Reports), Excel.

Concepts & Tools: Active Directory, API, SoapUI, Postman, Problem Solving, Debugging, Putty, JIRA, Service Now, Agile, AWS, Troubleshooting.

CERTIFICATIONS/ ACHIEVEMENTS

- **ITIL® 4 Foundation: Introduction:** ITIL Foundation Certified.
- **Lead Certification**: Recognized and awarded certification for outstanding leadership and performance, earning the Lead designation for exceptional contributions to team success and operational efficiency.
