EDUCATION

MAULANA ABDUL KALAM AZAD UNIVERSITY AND TECHNOLOGY Howrah, West Bengal
Bachelor's Degree in Electronics and communication Engineering August 2022-July 2025
C.G.PA: 6.57

WEST BENGAL STATE COUNCIL OF TECHNICAL EDUCATION Kalna, West Bengal
Diploma in Electronics and Telecommunication Engineering August 2019-July 2022
C.G.PA :8.0

TECHNICAL SKILLS

- **Operating Systems**: Linux (RedHat), Windows.
- **Cloud Platforms**: AWS (EC2, S3, IAM, VPC, CloudWatch),
- **Scripting Languages**: Bash, Python (basic).
- **Windows Server**: 2016,2019,2022,2025.
- **Networking Fundamentals**: Subnetting, IP Addressing, OSI Model, TCP/IP Protocol Suite, DNS, DHCP, VLAN.

WORK EXPERIENCE

CMS IT SERVICES PRIVATE LIMITED Kolkata, West Bengal
Network Engineer & System Admin Intern August 2024-April 2025

- Install, configure, and maintain servers (Windows/Linux) and network systems.
- Manage Active Directory, DNS, DHCP, Group Policies, and user accounts.
- Monitor system performance, troubleshoot issues, and ensure high availability
- Perform backups, disaster recovery, and patch management
- Manage firewalls, VPNs, and security policies.
- Provide technical support for hardware/software/network issuesS

PROJECT EXPERIENCE

CAMPUS NETWORK DESING & IMPLEMENTATIN INDIVIDUAL

Objective: Design and implement a multi-building campus network with scalable architecture supporting multiple departments with network segmentation and optimized routing**.**

- Configured 8 VLANs across multiple switches (HR, Finance, IT, Student, Faculty, Guest, Management,
- Implemented trunk configuration between switches for inter-VLAN communication with tagged traffic,
- Set up sub-interfaces on core routers to enable routing between 8 different VLANs efficiently,
- Configured static routes for critical network paths and implemented default routing for Internet
- Designed and implemented Access Control Lists (ACLs) to restrict inter-departmental traffic based on
- Implemented SSH access to all network devices with strong authentication for secure remote,
- Configured DHCP servers for automatic IP allocation to end-user devices across all VLANs,
- Set up internal DNS server for hostname resolution and web server hosting internal campus portal

CERTIFICATIONS

- Certified in CCNA- from (Besant Technologies)
- Certified in Linux Red hat Enterprise from (Besant Technologies)
- Certified in python Scripting Language from (Besant Technologies)
