Employment History

Senior Manager - Accounts & Taxation , Fluence India Renew JV Private limited (Controllership)

March, 2023 - Present

- Leading Accounts & Taxation, overseeing receivables & payables, monthly financial closures, MIS analysis, and statutory audits with Deloitte, EY, and PwC.
- Managing ICOFR, internal audits, cash flow planning, fixed deposits, and cross-border transactions, ensuring compliance with RBI regulations, FLA filings, IDPMS, and customs duties.
- Negotiating and finalizing vendor contracts and commercial agreements to optimize value, mitigate risks, and ensure alignment with business objectives.
- Handling GST compliance, including filings (GSTR-3B, GSTR-1, GSTR-9, GSTR-9C), e-invoicing, e-way bills, and logistics documentation.
- Supervising direct tax matters, such as advance tax, income tax returns, tax audits, TDS compliance, transfer pricing (TP) study, TP audits, GST audits, and TP assessments.
- Ensuring seamless adherence to finance, accounting, and taxation regulations.
- Developing and implementing tax strategies that optimize the organization's tax position and ensure sustainable compliance with all relevant tax laws and regulations.
- Conducting regular training sessions for finance and accounting teams to enhance awareness and understanding of tax-related issues.
- Leading cross-functional teams in tax planning initiatives, collaborating with legal, compliance, and business development departments.
- Streamlining tax reporting processes through automation and technology integration to improve accuracy and efficiency in compliance activities.
- Engaging with tax authorities and representing the organization during audits and inquiries, ensuring favorable outcomes and compliance with tax obligations.
- Conducting risk assessments to identify and mitigate potential tax compliance risks, ensuring robust internal controls are in place.

Manager - Finance Accounts , Singtel Global India Private Limited

January, 2011 - March, 2023

- Managed end-to-end accounting operations, ensuring statutory compliance and overseeing statutory audits (Deloitte, KPMG), tax audits, internal audits, cost audits, and GST audits.
- Ensured GST compliance, including GSTR-1, GSTR-3B, GSTR-9, GSTR-9C filings, reconciliation with books, and addressing customer queries.
- Handled direct and indirect taxation, including TDS deposits, advance tax payments, TP studies, tax audits, and responding to notices from tax authorities (Income Tax, GST, DOT).
- Led financial reporting, preparing EBITDA analysis, cash flow reports, variance analysis, revenue target setting, and commission computations.
- Oversaw SAP entries, verified and approved invoices, conducted customer and bank reconciliations, asset condemnation, and cleared outstanding items.
- Ensured compliance with DOT regulations, including AGR filing, revenue reconciliation, license fee computation, and responding to TRAI/DOT notices.
- Managed commercial agreements, reviewed vendor/customer contracts, and aligned them with statutory requirements.
- Handled XBRL accounting & secretarial records, including AGM notices, board minutes, annual filings, DIR-8, MBP-1, and other ROC compliances.
- Interacted with auditors and consultants (E&Y, Singapore Tax Team) to ensure seamless financial and tax compliance.
- Led financial planning & analysis (FP&A), including budgeting, forecasting, and cost optimization strategies.
- Implemented process improvements to enhance financial reporting accuracy, reduce reconciliation time, and improve compliance efficiency.
- Managed working capital and liquidity, optimizing cash flow and investment strategies to ensure financial stability.
- Handled intercompany transactions, ensuring accurate transfer pricing documentation and compliance with global tax regulations.
- Oversaw payroll accounting and employee benefits, ensuring timely disbursement, tax compliance, and audit readiness.

Assistant Manager - Finance & Accounts , MNP Interconnection Telecom Solutions India Pvt. Ltd.

April, 2010 - January, 2011

- Led finance and accounting functions, reporting directly to the CFO, overseeing billing, collections, settlements, and reconciliations for customers and vendors.
- Prepared financial statements, managed monthly book closures, and ensured accurate accounting in Oracle and Tally.

- Coordinated statutory and tax audits, filed service tax and e-TDS returns, and ensured timely deposits of TDS, service tax, PF, and other statutory compliances.
- Managed ECB returns, foreign payments, GL monitoring, and vendor bill processing while ensuring adherence to regulatory norms.
- Engaged with auditors, authorities, and consultants on transfer pricing, asset and general insurance, company law matters, and other financial advisories.
- Developed and monitored annual budgets, providing variance analysis and reports to assist in strategic planning and resource allocation.
- Conducted comprehensive financial analysis to identify trends, improve profitability, and support decision-making through actionable insights.
- Managed cash flow projections and ensured liquidity by optimizing working capital and monitoring cash reserves effectively.
- Established and maintained internal control systems to safeguard company assets and ensure compliance with regulatory requirements.

Senior Executive - Finance , Bharti Airtel Limited, Gurgaon

September, 2007 - April, 2010

- Monitored ₹30 crore monthly payouts to BSNL for NLD, ILD, and Cell One interconnectivity bills, ensuring dispute resolution and settlement per IUC agreements.
- Validated and maintained payout and billing data, implementing TRAI & DoT regulations and BSNL corporate office notifications.
- Managed revenue accounting, collections, and credit notes in the Oracle AR module, including VAS and postpaid activation collections.
- Handled channel accounting, reconciling subscriber payments, deposits, and security refunds, and processing postpaid and prepaid inter-unit transactions.
- Calculated bad debts for subscriber and channel debtors, liaising with 23 BSNL circles for agreement settlements, notices, and circulars.
- Served as a bridge between Airtel switches and Revenue Assurance teams, resolving billing and payout errors while preparing MIS reports for top management.
- Oversaw monthly billing, collections, data validation, and customer follow-ups to ensure timely payments.
- Developed and implemented financial strategies to optimize cash flow and reduce outstanding receivables, enhancing overall financial performance.
- Conducted variance analysis on budgeted vs. actual performance, providing insights and recommendations to management for corrective actions.
- Led cross-functional teams to streamline financial processes and improve operational efficiency, resulting in reduced turnaround times for billing and collections.
- Ensured compliance with internal controls and financial regulations, conducting regular audits and assessments to mitigate financial risks.

Senior Account Executive , M/s HCL Technologies Ltd.

February, 2006 - September, 2007

- Served in the Audit & Taxation Department, preparing financial statements and finalizing the trial balance, while processing adjustment entries and resolving queries during statutory and tax audits.
- Conducted monthly scrutiny of ledgers, submitted reports on major account variances, and maintained control charts for expense provisions.
- Filed e-TDS returns, issued TDS certificates to vendors, computed and deposited FBT, and prepared audit packs for corporate submission.
- Compiled information for income tax assessments and represented the company before tax authorities, ensuring compliance with regulations.
- Managed reporting (MIS) by analyzing KPIs related to sales, expenditures, and profit margins, identifying causes of variances.
- Conducted continuous budgeting, financial projections, and operating forecasts while preparing ad-hoc business performance reports and presenting monthly and quarterly financials.
- Supported management with data-driven analysis, developed internal control procedures for compliance with accounting standards, and performed risk assessments.
- Assisted in preparing the annual budget and variance analysis, coordinating with cross-functional teams for audits and compliance activities.
- Reviewed contracts and agreements for compliance with tax regulations and identified potential tax implications.

M/s Super Cassettes Industries Ltd., Noida

July, 2002 - February, 2006

- Successfully led initiatives that improved the efficiency of the corporate treasury processes, resulting in a reduction of transaction times and costs.
- Implemented best practices in financial reporting that enhanced accuracy and compliance with statutory requirements, leading to smoother audit processes.
- Developed and delivered training sessions for team members on treasury management and compliance protocols, enhancing overall departmental performance.
- Streamlined documentation processes for import/export transactions, ensuring timely compliance and reducing errors in submissions.
- Achieved a record turnaround time for remitting payments and receiving funds, significantly improving cash flow management.

ACHIEVEMENTS :

- Received seven spot awards at Singtel for timely completion of statutory audits, internal audits, and tax assessments.
- Won the Yellow Belt award at Airtel for the project “Automation of IUC Billing Upload” and earned a Certificate of Excellence for successfully resolving disputes, quashing a ₹29 crore demand outstanding with BSNL.
