EDUCATION

Teerthanker Mahaveer University, Moradabad May 2023 - May 2025
Master of computer application (MCA) CGPA: 8.5

Shri Krishna Institute Of Management & Science, Chandausi Jul 2020 - Jul 2023
Bachelor of computer application (BCA) CGPA: 7.9

PROFESSIONAL EXPERIENCE

Ducat, Noida- Data analyst July 2024 – Dec 2024
Dashboard-6 month internship
Banking Customer Risk Analysis System

• Tools Used: **Python, JavaScript** (**Jupyter / Google Colab**), **SQL Server Management Studio (SSMS**), Power bi, **Excel**
• Conducted comprehensive **Exploratory Data Analysis (EDA**) on banking customer data to uncover patterns in income, loan, and account balances influencing credit risk.
• Designed a dynamic Power BI dashboard to visualize key risk metrics and customer segmentation, enabling better risk profiling.
• Leveraged **SQL Server** for querying structured financial datasets and Python libraries (**Pandas, Seaborn, Matplotlib**) for in-depth statistical analysis.

PROJECTS

Ice Cream Shop Website – Python Full Stack Developer Jun 2025- July 2025

- Developed a full-stack ice cream shop website with Home, About Us, Services, and **Contact page, Login page and Registration pages** with full functionality**.**
- Integrated Django forms and **SQLite3 database** to manage user inquiries and service details.
- Implemented a Django admin portal for managing customer data and website content.
- Designed a responsive, user-friendly UI using **Bootstrap and Django** templates.

Banking Customer Risk Analysis System – Data Analyst July 2024 – Dec 2024

- Performed EDA in Python (Google Cloab) to analyze customer income, loans, and balance for credit risk profiling.
- Connected Excel pipeline **Excel→ SQL Server → Python→Power Bi** for a complete data flow and pre-processing pipeline.
- Built a dynamic Power Bi Dashboard to visualize customer segments, risk scores, and financial behavior.
- Used **Pandas, Seaborn, Matplotlib** for pattern discovery and SQL for structured data extraction.
- Identified high-risk customer through insights, aiding better loan and credit decisions.

SKILLS

Languages: Python, C, C++
Functional: Data Analysis, Data Cleaning, **EDA**
Framework: Django, Bootstrap
Tools: Power bi, Excel, **SQL Server Management Studio**, Google Colab, Jupyter Notebook
CS Fundamentals: Object Oriented Programming (OOP), Data Structure and Algorithm (DSA)

ACHIEVEMENTS

• **Deloitte**-Data Analytics Job Simulation | Certificate
