SSB Infosystems Pvt. Ltd.

Design Engineer | June 2024 – January 2025

- Worked on **AutoCAD** for basic design tasks like **distance measurement and layout adjustments**.
- Assisted in **Excel-based inventory tracking** for audio-visual products in different rooms.
- Created and updated **technical documentation** using MS Word & Canva.
- Role was more **mechanical and electrical engineering-focused**, which did not align with my core expertise.

- **Canva** – I designed product layouts and marketing materials for the company.

- **AutoCAD** – I have basic experience and made minor design modifications.

- **Price List** – I ensured that the price list was always accurate and up to date.

- Created product designs and promotional content using Canva, contributing to improved customer engagement and brand presence.
